1. Important Notice

1. This child car seat is suitable for child height of 76cm-105cm/≤18kg i-Size-universal ISOFIX, 100cm-135cm i-Size booster seat, 135cm-150cm Specific Vehicle booster seat.

2. Please take out the operating manual from the net bag, which is inside the back cover of the child seat, and read carefully.

3. Please read carefully before installation as serious injury will occur if installed incorrectly. Manufacturer will not assume responsibility for any risks in this case.

4. Never use the child car seat without a cover. Never use any cover which is not recommended by the manufacturer to replace old cover because the cover constitutes an integral part of the child car seat's performance.

5. When the child restraint is not provided with a textile cover, the chair should be kept away from sunlight, otherwise it may be too hot for the child's skin.

6. The customer is advised not to use the seat in seating positions where there is an active frontal airbag installed.

7. The device should be replaced when it has been subject to violent stresses in an accident.

8. Please ensure all passengers in the car use a safety belt, goods in car must be secured, otherwise passengers and goods may injure the child when in an emergency brake situation.

9. Buckle can't be in semi-locked status. Always confirm the child car seat is locked before using so that in case of emergency, the child can be taken out quickly.

10. Don't make any alterations, additions or changes to the harness system in the child car seat, otherwise this could seriously affect its security and functionality.

11. User should be aware of the danger of making any alterations or additions to the device without the approval of the Type Approval Authority, and the danger of not following closely the installation instructions provided by the child restraint manufacturer.

12. Children must not be left in their car seat unattended.
13. Keep the child seat away from corrosives.
14. Always keep the child car seat secured in the vehicle even when it is unoccupied. Children must not be left in their child car seat unattended.
15. Don't use a second-hand child car seat.
16. It is important to ensure that any lap strap is worn low down and that any impact shield is installed properly so that the pelvis is firmly engaged.
17. Any straps holding the child car seat to the vehicle should be tight. Any straps restraining the child should be adjusted to be suitable for the child's body. Straps should not be twisted.
18. Don't use any load-bearing contact points other than those described in the instructions and marked on the child restraint.
19. Do not use a forward-facing child car seat when the child's height is less than 76cm.
20. The instructions for the child restraint should be retained throughout the product's life cycle. Please take good care of the manual.
21. The rigid items and plastic parts of a child restraint must be positioned and installed in such a way that they are not likely, during everyday vehicle use, to become trapped by a movable seat or in a door of the vehicle.
22. The user should be advised to use carry-cots perpendicular to the longitudinal axis of the vehicle.
23. Any luggage or other objects likely to cause injuries in the event of a collision should be properly secured.
24. If you have any question about the use and installation of the child seat. Please contact our service hotline.
25. The child car seat should not be used without the cover.

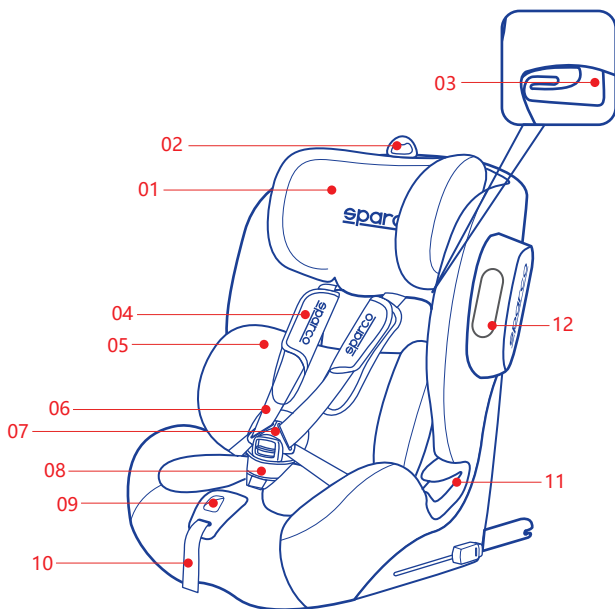

26. For a "Child Car Seat", the user should also refer to the vehicle manufacturer's manual.

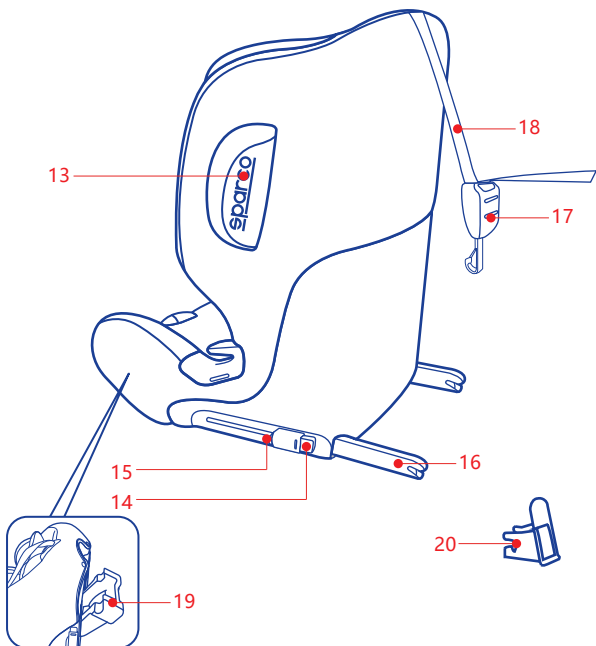

27. The child restraint may not fit in all approved vehicles when used in one of these positions.

28. This child seat has been designed for the European market and conforms to the car seat regulations currently in force: European Union ECE R129. PLEASE NOTE that this seat doesn't meet U.S. regulations.

IMPORTANT - DO NOT USE BEFORE THE CHILD'S AGE EXCEEDS 15 MONTHS.

3. Notice for car use

! **Danger! Do not use the child car seat in the passenger seat with an active airbag. (The airbag may cause life-threatening injury to the child)**

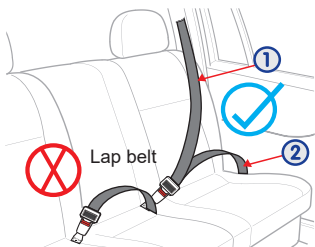

Please read the instructions carefully so that the child car seat can be used correctly.

Correct device/suitable

Wrong device/not suitable

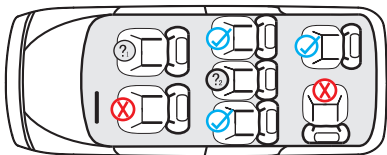

1

Car seat belt – shoulder belt

2

Car seat belt – lap belt

?₁

The child car seat cannot be used in the front passenger seat with an airbag.

?₂

The shoulder belt, lap belt and ISOFIX are all equipped and the child car seat can be used.

4. Adjustment and use of the child car seat

GB

ES

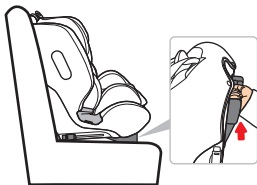

FR

IT

PT

DE

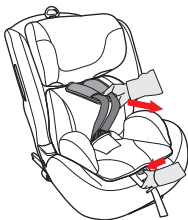

4-1 Recline position for adjustment

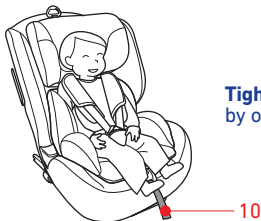

Find the recline adjustment flap base **19** and pull it up.

When reclined position is used, it may not fit in all vehicles.

4-2 Harness adjustment

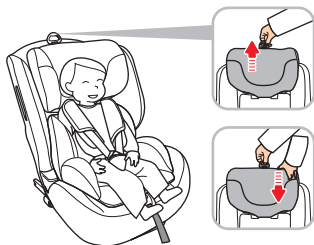

Loosen: Press the harness adjusting button **09** and grasp and pull the shoulder straps **06** (DO NOT pull shoulder pads **04**) with the other hand, and pull forward.

Tighten: Grasp the adjustment strap **10** by one hand, and pull forward.

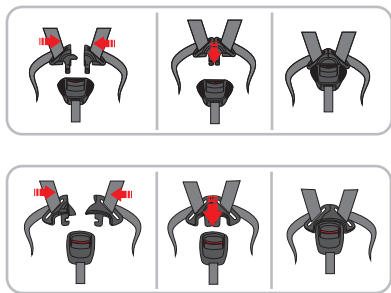

4-3 Headrest adjustment

Up: Pull the headrest adjustment handle **02** up to adjust the height.

Down: Pull the headrest adjustment handle **02** up with one hand, and press the headrest **01** down with another hand.

4-4 Buckle adjustment

1. Put the right and left tongues of the buckle together, and insert into the harness buckle **07**, it is locked when **CLICK** is heard. Pull the quick adjuster button, tighten the shoulder straps **06**. Adjust the shoulder straps **06** to the most suitable length to make the child more comfortable (please refer to 4-2 to check how to adjust the shoulder belt - there are two types of buckle for this child car seat). Please determine which buckle is used. The function and performance are same).

Tips: Press the red button then release the buckle.

4-5 5 point harness system removing

GB

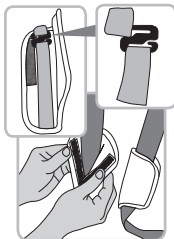

ES

FR

IT

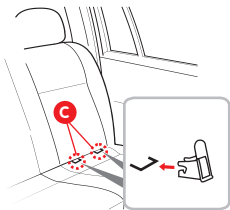

PT

DE

1. Tear the shoulder pads **04**, and separate the shoulder pad connector and remove the shoulder pads.
2. Pull out the inner cushion **05**, release the harness buckle **07**, pull out buckle pad **08**, store the buckle under the upholstery, store the shoulder straps **06** and buckle latches together under the upholstery.

4-6 ISOFIX installation and removing

ISOFIX Installation

1. If your vehicle is not equipped with the ISOFIX insert guides as standard. Clip the two ISOFIX insert guides **20** which are included with the seat with the cut-out facing upwards onto the two ISOFIX attachment point **C** of your vehicle.

2. Press both the ISOFIX 2nd lock button **14** and ISOFIX release button **15**, remove the ISOFIX **16**.

3. Insert ISOFIX onto two ISOFIX attachment points **C**, until there is a click and the indicators are completely green.

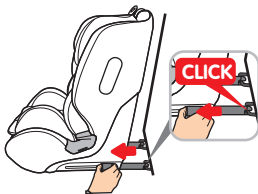

4. Push the car seat with a substantial amount of force as far as it will go.

5. Shake the base of the baby car seat to ensure the ISOFIX is affixed firmly.

Notice:

Ensure that the left and right ISOFIX gear is consistent before using the child car seat.

ISOFIX removing

Press both the ISOFIX 2nd lock button **14**, and ISOFIX release button **15**, the ISOFIX can be removed when there is a click noise.

4-7 Top Tether using

1. Take the top tether **18** out from the bottom of the car seat, adjust the Top Tether by pressing the Top Tether adjusting button **N**, past the vehicle seat headrest.
2. Affix the top tether hook **17** on the fixing point according to the car manual, then tighten the top tether **18** (tighten the Top Tether until the indicator is green).

Notice: Never use a luggage hook to replace the one on the Top Tether, check the vehicle to find bottom mark.

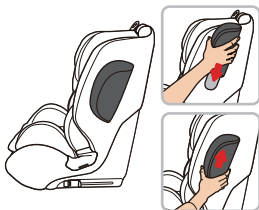

4-8 Inner cushion using

When the height of children is below $\leq 87\text{cm}$, it is necessary to use inner cushion **05**.

Tips: The inner cushion **05** is comfortable for the kids.

4-9 Usage of the SSP (SSP optional accessory)

Install the SSP

Press the SSP from top to side to the SSP fixing groove.

Remove the SSP

Slip the SSP up, then it can be removed.

Notice: If you use SSP, the car seat may not fit all vehicles.

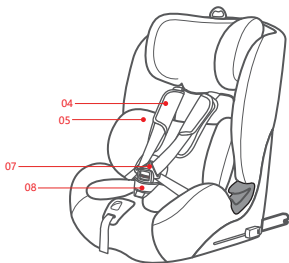

4-10 Removing and refitting the upholstery

Upholstery removal

1. Adjust the headrest to the highest position (refer to 4-3), remove inner cushion **05**.
2. Release harness buckle **07**, remove shoulder pads **04** and buckle pad **08** (refer to 4-5).
3. Remove the headrest pad and upholstery pad carefully.

Upholstery fitting

1. Adjust the backrest to the most upright position and adjust the headrest to the highest position.
2. Fitting the headrest pad and upholstery pad.
3. Fitting the shoulder pads **04** and buckle pad **08**.

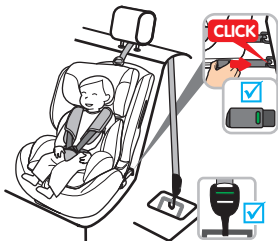

5. Installation

5-1 76cm-105cm (≤18kg)

ISOFIX+TT+ harness system to affix the baby car seat

1. Affix the ISOFIX **16** on the ISOFIX affixing point of the car (refer to 4-6).
2. Take the top tether hook **17** and pass through the vehicle seat headrest, affix to the vehicle Top Tether anchor, and tighten the top tether **18** (refer to 4-7).
3. Strap the child in the car seat with the 5-point harness system.

Notice:

1. Check the harness belt and vehicle belt, make sure the child and car seat are correctly and securely installed.
2. The Top Tether indicator will show 'green' when it is tightened.
3. Ensure there is no cross or twist in the harness system.
4. Use the SSP on the side near the window.
5. Open the recline adjustment flap base to adjust the recline position (refer to 4-1).

5-2 100cm-150cm
Vehicle 3-point belt + optional ISOFIX attachment to affix the baby car seat

ISO/B2

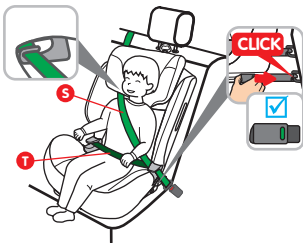

1. Removing the harness system (refer to 4-5).

2. Vehicle seat belt **S** should go through shoulder belt guide **03** and cross over the child's shoulder.

3. Vehicle belt **T** across the belly belt guide **11** and cross over child's belly.

4. Shoulder belt and belly belt together go through another side belly belt guide **11** and affix the belt.

5. Affix the optional ISOFIX attachment **16** on the ISOFIX affixing point of the car (refer to 4-6).

Notice:

1. Check the vehicle belt, make sure the child and car seat are correctly and securely installed.
2. Ensure there is no cross or twist in the vehicle belt.
3. Use the SSP on the side near the window.
4. Open the recline adjustment flap base to adjust the recline position (refer to 4-1).

6. Cleaning & Maintenance

Important tips: The cover is a safety feature. Never use the child seat without it. Don't put your child's safety at risk by using other replacement covers. These could stop the child seat from protecting your child because other replacements will not perform the same function.

Washing instructions

The cover is removable and washable at 30 °C, line dry only.

Machine
wash, cold

Do not bleach

Do not
tumble dry

Do not iron

Dry clean,
any solvent
